

“DELIVERING ON THE PROMISE”

LEGACY FOUNDATION ANNUAL REPORT 2012-2013

“PROMISE
ONLY WHAT YOU CAN
DELIVER.
THEN DELIVER
MORE THAN YOU
PROMISE”

DEAR FRIENDS,

Each year that passes is an opportunity for Legacy Foundation to celebrate our collaborative victories, which we achieve through increased understanding of, and coordination with, the people, organizations and communities of Lake County. In all our efforts, we are committed to both a deeper and broader impact. We are committed to collaborating with donors and partners to deliver on the promise we've made as a community foundation to provide philanthropic support for causes that fulfill dreams, build communities and enhance the quality of life in Lake County.

The key to our commitment is making sure we involve the people and organizations that we endeavor to help in truly committing to work with us to grow and become more self-sufficient and more valuable to the constituents they serve. Similar to the idea that it is better to teach a man to fish than to just give him a fish, Legacy Foundation wants to make sure recipients of our grants and scholarships are fully involved in the process so as to ensure their continued success, long after the funds have been used. In this way, we are not giving handouts; we are creating legacies, which we believe will continue to serve our community for years to come.

During the past year Legacy has been fortunate to celebrate many victories, small and large. Here are just a few:

- We enhanced The Think Tank, our resource center for helping non-profits find new ways to fulfill their missions efficiently and effectively. As a result, six first-time applicants received grant awards among a pool of 20 recipients. Total grant funds awarded increased 14 percent between the CY12-CY13 September grant cycle.
- We continued to work with donors to achieve their philanthropy goals, establishing 12 new funds.
- We partnered with private and public funding sources to address longstanding place-based issues that impact our region. The Gary Northside Redevelopment Area Project is underway, and Legacy commenced the application process for the Neighborhood Spotlight program at a press conference on December 20, 2013.

For the past three years, we have benefited from the visionary leadership of Harry Vande Velde, who served as our President from June 2010 to September 2013. Harry expanded our partnerships and scope of work. He extended Legacy's helping hand into the Lake County non-profit community, offering them a partnership to improve clarity of purpose, operation and success via The Think Tank. And, Harry reached outside of Lake County to enlist organizations with the skills and resources needed in partnership to help us tackle some truly stubborn and vital issues in our communities. Overall, he reinforced our commitment to do so much more than we had done before.

Legacy's success requires two things. One is passionate people. The members of Legacy's Board along with our non-profit partners and our donors are people who believe in the power to affect change. The other requirement is resources. Our successes continually rely upon our ability to give, lead and make a difference. Lasting impact requires persistence and assistance – ongoing grants that send kids to camp, help clean up the lakeshore, sustain those in need, and which offer myriad additional, positive opportunities.

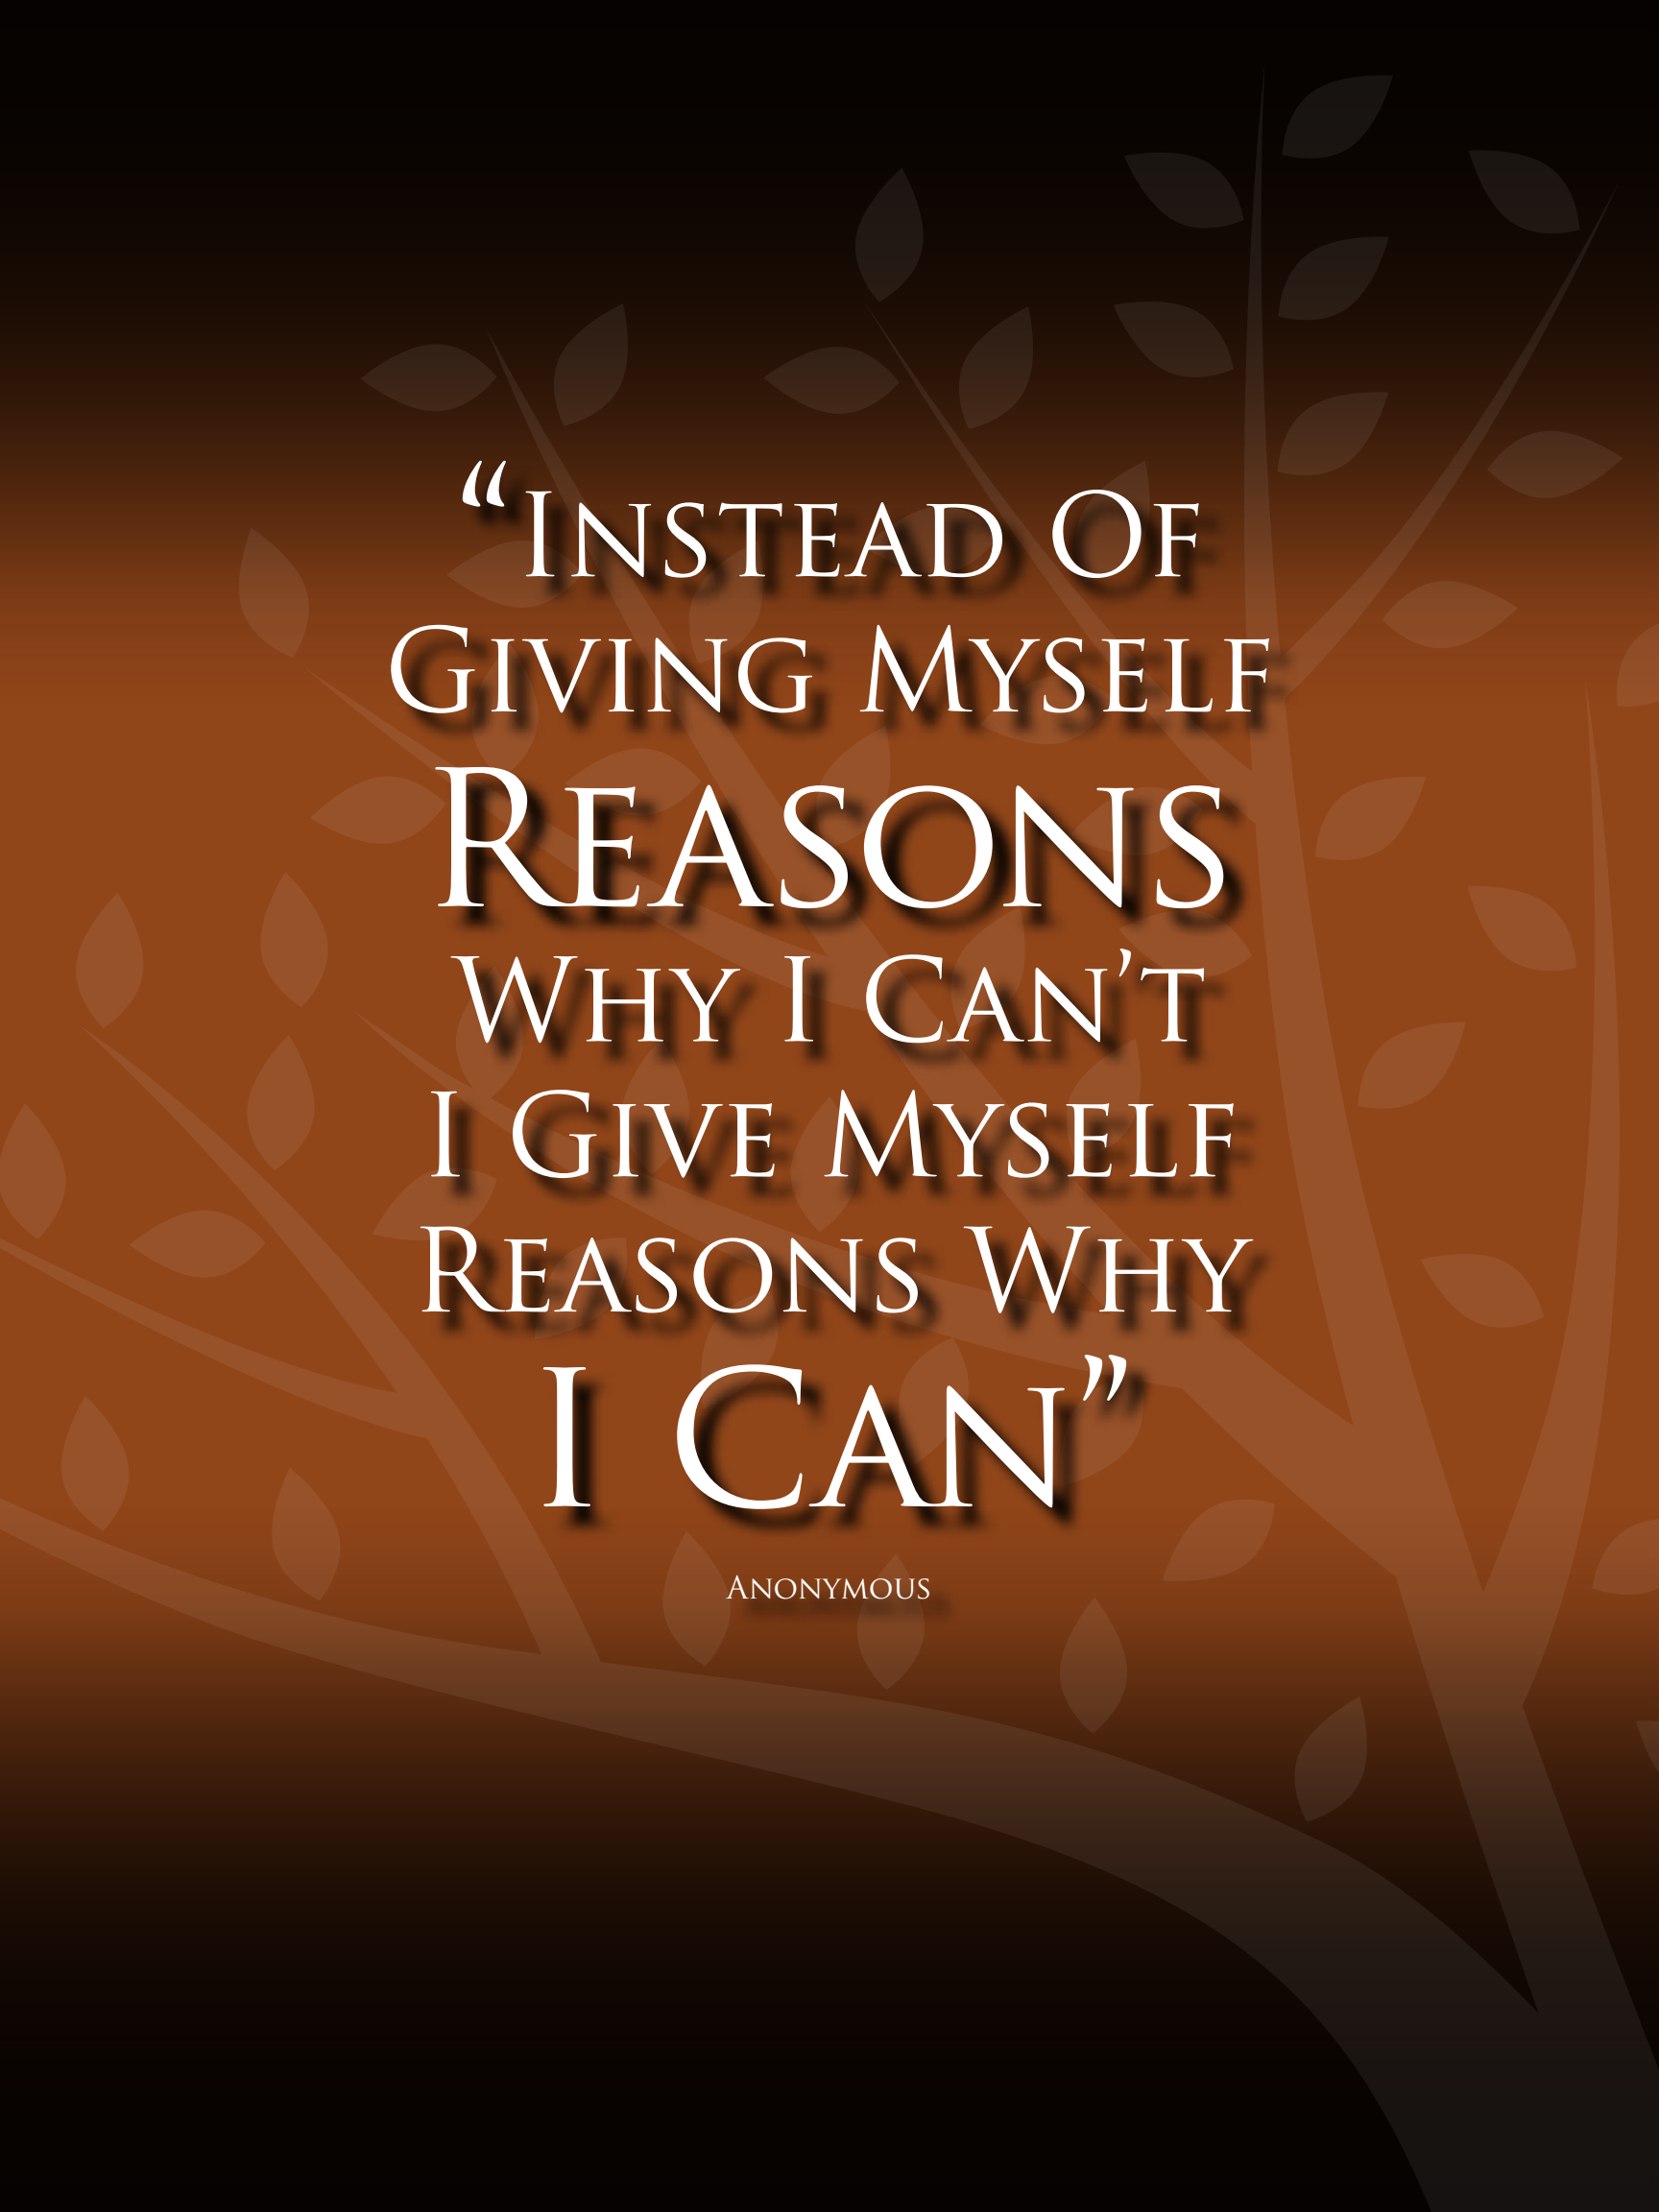

This is what is facilitated by the funds at Legacy. Your generosity makes Lake County a better place to live, work and play. Please consider a gift to enable Legacy to do more in 2014.

Wishing you a remarkable and prosperous year to come,

Sincerely,

A handwritten signature in black ink that reads "Nancy Clifford". The signature is fluid and cursive, with the first name "Nancy" being more prominent than the last name "Clifford".

FISCAL RESPONSIBILITY IS THE CORNERSTONE OF SUCCESSFUL PHILANTHROPY

21 Years/\$28 Million in Grants and Scholarships

Since our initial endowment of \$2 million in 1992, we have grown our assets to over \$45 million in 2013. We have awarded over \$28 million in grants and scholarships, beginning in 1996. Our next milestone is to reach \$100 million in Legacy Foundation assets. We will get there, thanks to your generous investments and your belief in making our community a better place to live.

Meet Our New Fund Managers

Introducing SEI. They have been a leading global provider of asset management, investment processing and investment operations solutions for institutional and personal wealth management since 1968.

Nonprofits are often challenged with finding a balance between risk and return within the portfolio to support their core mission. SEI's strategic focus on active asset management is designed to manage investment risk and provide more consistent returns.

SEI can help nonprofit investment portfolios like ours stay on track to goals while:

- Aligning investment strategy with the overall mission and goals
- Developing an effective spending policy that protects the long-term viability of assets
- Instituting a clear governance process to ensure investment decisions are properly vetted

Their comprehensive solution is designed to help meet the changing needs of today's nonprofit organizations by supporting timely decision making and providing proactive risk management and monitoring.

Report of Our Independent Auditors

To the Board of Directors of the Legacy Foundation, Inc.
Merrillville, Indiana

Report on the Financial Statements

We have audited the accompanying financial statements of Legacy Foundation, Inc. (the "Foundation") which comprise the statements of financial position as of June 30, 2013 and 2012, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Legacy Foundation, Inc. as of June 30, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

A HISTORY OF WISE PLANNING AND A FUTURE BUILT ON SOLID GROWTH

Financial Growth and Continued Success

In 1992 local area leaders formed the Endowment Fund of Lake County, Inc. in partnership with the Lilly Endowment, the purpose of which was to provide for the social service, educational, environmental and health needs of the residents of Lake County, Indiana. The initial matching funds totaled \$2 million.

With a name change in 1995, the Legacy Foundation distributed its first grants of nearly \$175,000 in 1997 and awarded its first scholarships worth nearly \$50,000 in 1998. By the year 2000, Legacy had 62 different funds under its control. By 2002, Legacy celebrated its 10th anniversary sharing in \$15 million dollars in Lilly Foundation grants that were used by Lake, LaPorte and Porter counties to help improve education across the three counties.

In 2007, grants and scholarships awarded annually totaled \$1.4 million, a remarkable increase from our initial distributions in 1997 and 1998. 2008 brought us an additional \$800,000 from Lumina Foundation for college readiness programs.

Today, Legacy Foundation has nearly \$47 million in total assets and more than 260 endowment funds which assist over 250 non-profit organizations. The foundation also administers more than 30 scholarship programs. All together, Legacy has awarded over \$28 million in grants and scholarships to Lake County organizations and individuals. The future promises even greater rewards.

THE THINK TANK

Thinking Ahead with The Think Tank

Former President/CEO Harry J. Vande Velde III inaugurated The Think Tank at Legacy Foundation on May 2, 2012. The Think Tank was predicated on the idea that community leaders, organizations and residents are fully aware of the problems they face and very often have ideas and insight to help solve them. All they need are the resources to help develop effective community programs.

The Think Tank gives them a forum with which they can focus their issues and provides the counsel, the connections and the collective support to address workable solutions. Legacy Foundation has learned through two decades of experience how critical it is to marry the quality of an idea with the proper program design. Too many charitable efforts fail because the program designers lack the resources to develop an effective means of funding, administering and maintaining the program.

With The Think Tank, Legacy Foundation offers non-profit organizations, residents, donors, local universities and even national partners the help they need to create innovative and effective programs and to make existing ones more viable. We do this by providing just the right amount of assistance at just the right time.

Legacy offers a variety of services to our community that we believe are unique to charitable foundations, including:

- Free Meeting Space in Our Offices
- Free Meeting Facilitation with Our Trained Volunteers
- One-on-One Problem Solving with Our Consultants
- Online Fundraising Tools and Advice
- A Trusted Consultant List and Helpful Introductions
- Grants for Helping Build Program Capacity of up to \$2,000
- Help in Facilitating Conversations and Collaborating with Interested Partners
- Training in Collecting Essential Data
- Help in Reaching Out to Online Resources

And so much more.

By working closely with community leaders and activists and organizations, the Legacy Foundation Board of Directors is learning firsthand how to better share our resources for the good of all. And in so doing, we will grow the foundation's endowment to reach our goal of \$100 million.

KEYS TO REACHING OUR GOAL

Keys to Reaching Our Goal of \$100 Million

The Legacy Foundation Board of Directors recognizes that the steady growth in its endowment has enabled the Foundation to partner with donors and fund holders in important ways that are having an ongoing and positive impact on our region.

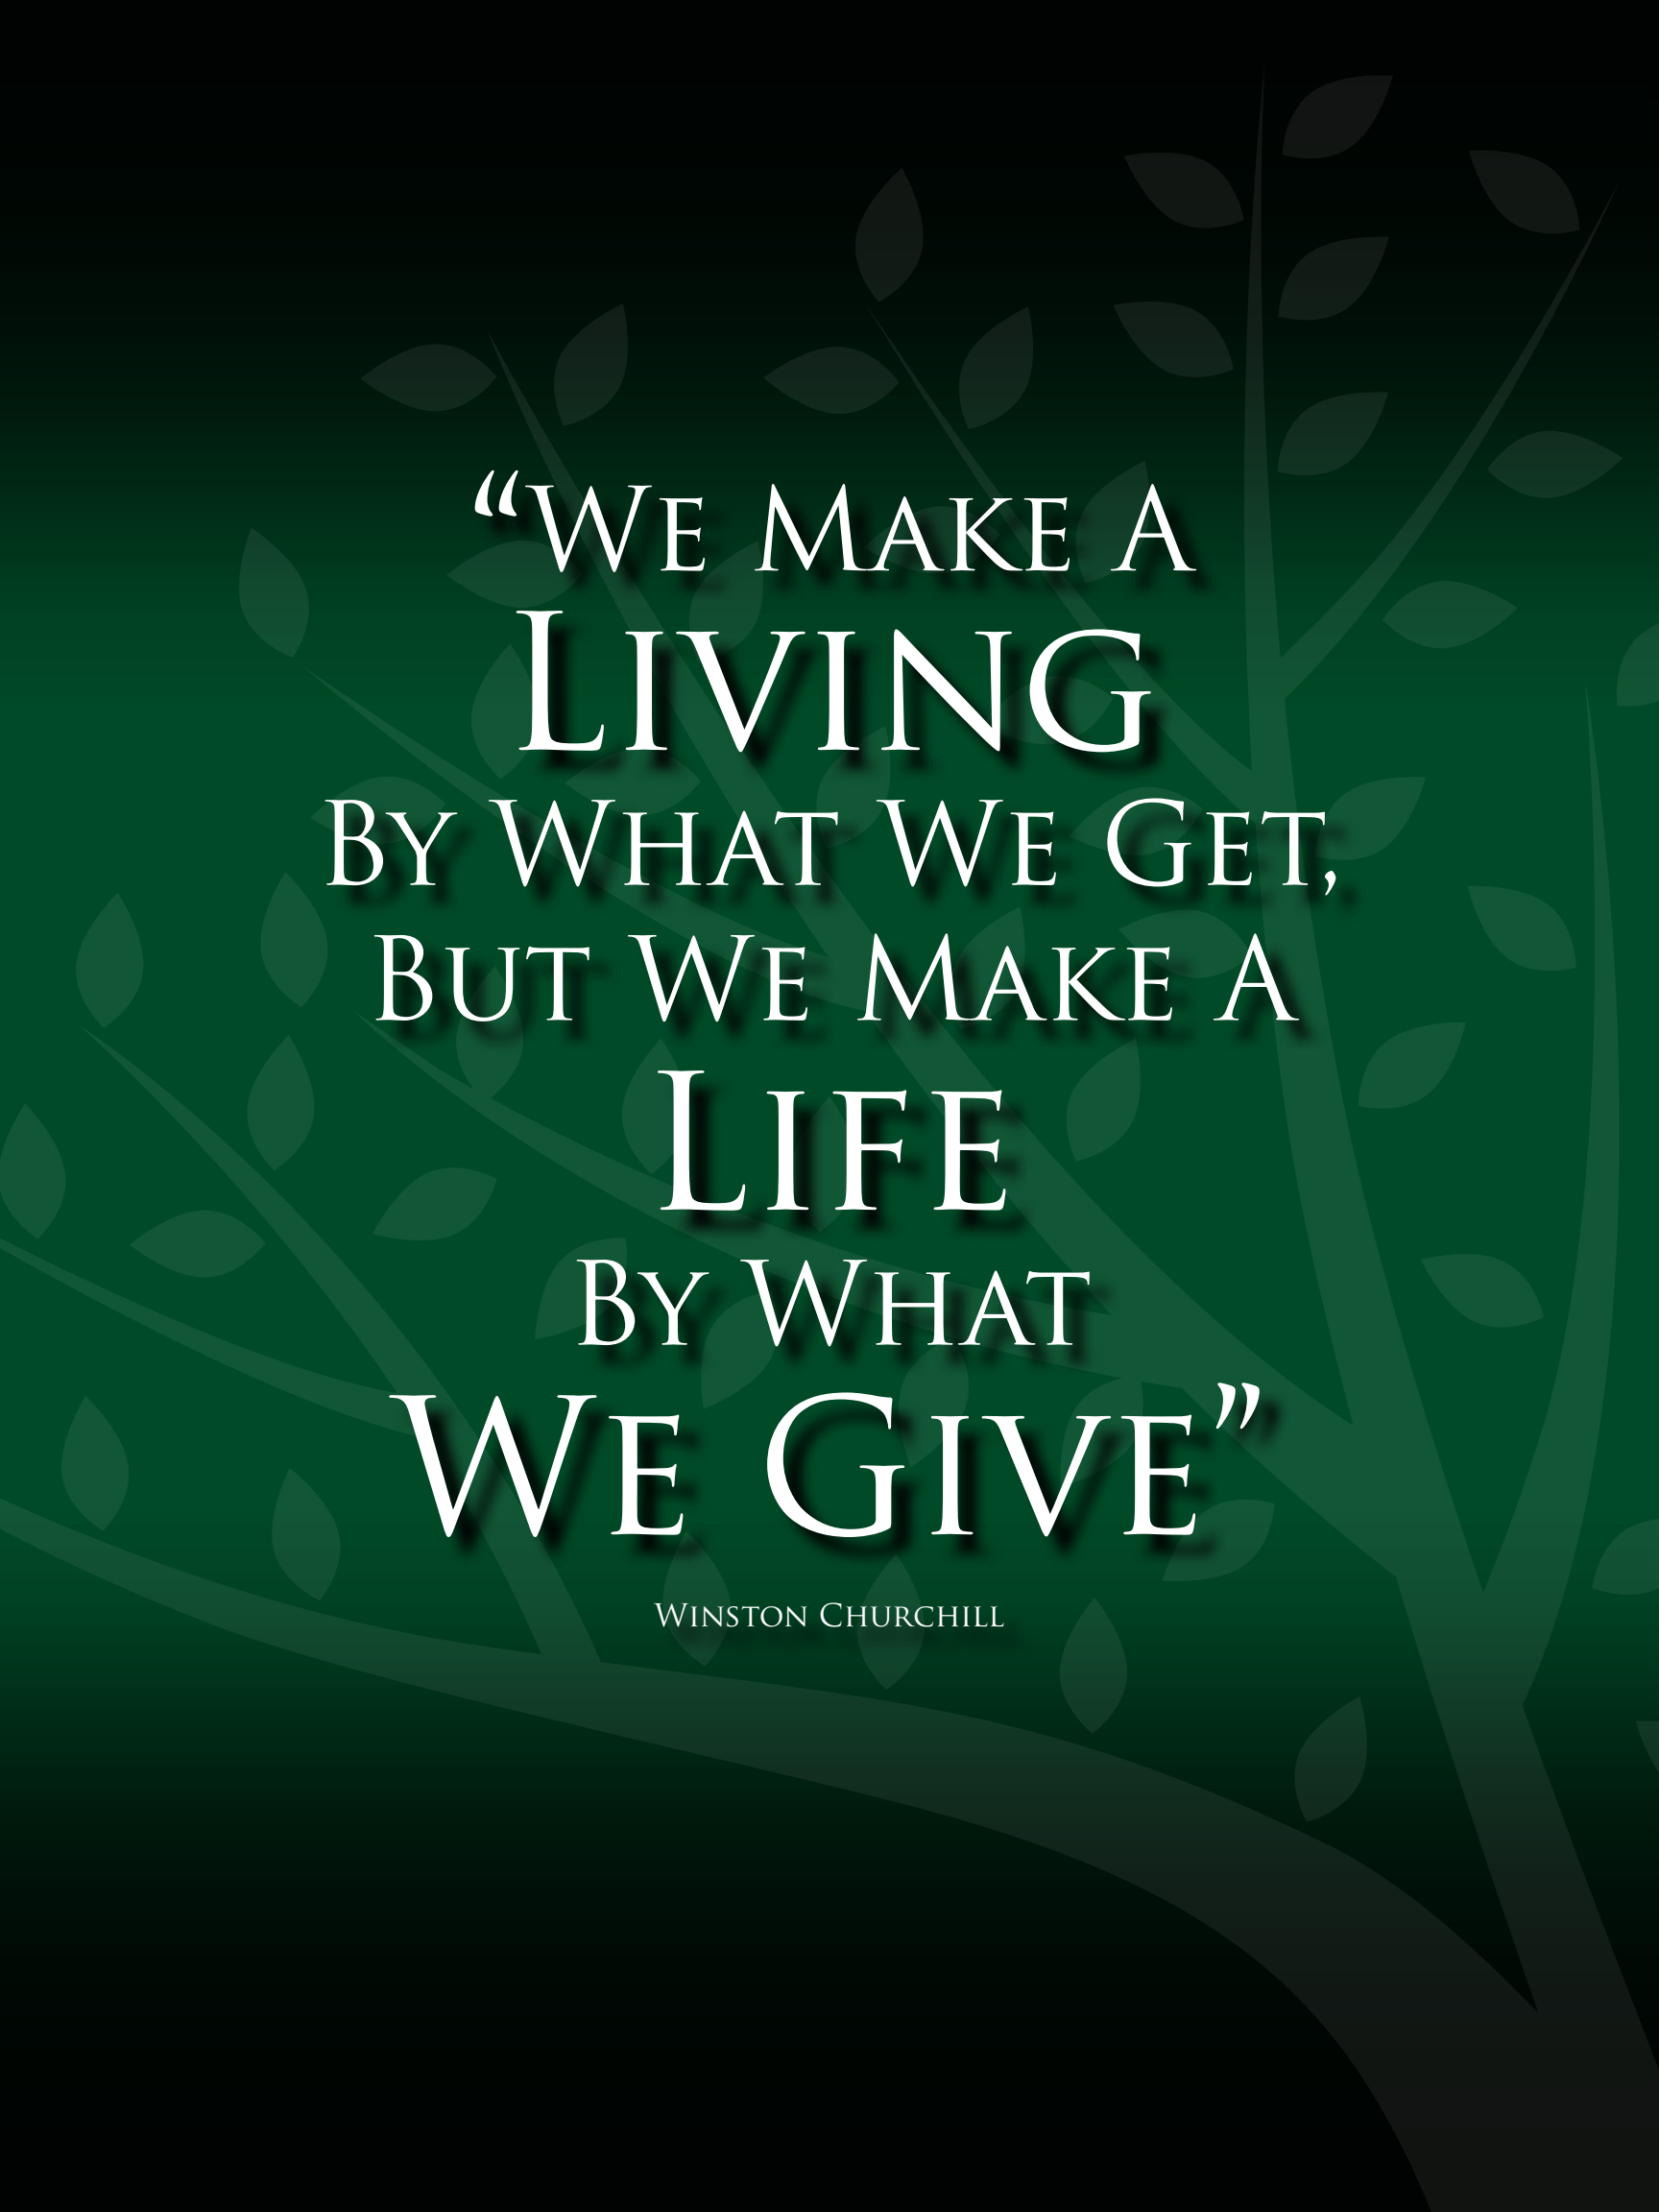

The Board also acknowledges that, with its growth and performance, Legacy can continue to build on its solid foundation to create and sustain an even greater impact. Accordingly, the Board has established a goal of growing the endowment to \$100 million.

We intend to accomplish this in two ways: 1) By working with current donors and fund holders and actively seeking new ones to help them achieve their philanthropic goals that will, in turn, enhance the quality of life in Lake County and beyond and, 2) By actively seeking to develop partnerships with other foundations and public and private granting agencies to provide the funding and leadership to address major philanthropic and charitable needs. This is one of the reasons we selected SEI to be our financial partner in fiscal 2012-2013 and in to the future.

The Board recognizes that this ambitious goal will be challenging, but our motivation is clear: To enhance the quality of life in Lake County and beyond for generations to come by philanthropic engagement and partnering with donors and fund holders to give, to lead and to make a difference!

“ Thank you so much for meeting with us and guiding us through the process of thinking how we can grow HEF to prepare for 2015 and beyond. It was so helpful to come up with practical strategies that seem to be manageable, and we left with a feeling of excitement about the possibilities for future growth. Your guidance is very much appreciated! ”

GRANTS

The Legacy Foundation grant-making program is dedicated to investing in non-profit organizations which help to make Lake County a stronger community. We consider several factors when we review a grant, such as community support, programs that are thoroughly thought out, a balance between short term needs and long term social impact and collective solutions which can better affect community change.

For the 2012-2013 fiscal year, we implemented additional thinking to how we review our grant applications. First, we look for grants that help to improve management or the adoption of vital technology. We prefer grants for programs that have a measured impact on the economic, social or environmental well being of our community. We encourage grant programs that demonstrate how Gary residents can come together to help solve problems. We want programs that help ensure vital services for Hobart seniors. And we have a desire to see collaborative efforts which spotlight needs in specific neighborhoods.

The following grants are for programs that best meet our current criteria.

“I received the Lilly scholarship in 2012 and wanted to give you all a brief update of what I have been doing recently. I just finished up a two-month period of serving at Cedar Lake Ministries as a camp counselor for their summer camps. It was an incredible experience. Working with our youth was inspiring; I found myself being filled with their joy and love. I am daily overwhelmed with the blessing of the Lilly scholarship and beyond that, honored to be a recipient of a huge award given out by such a dignified non-profit in the state. Keep up the awesome work and stay encouraged as the fruits of your labors are truly being seen.”

HOW TO SET UP A FUND

When deciding on how and when to set up a fund, it is important that you think through all the steps so you can be assured that you have followed the path that works best for you and that will provide the most benefits for your recipients. This is a perfect time to meet with the Legacy Foundation and take advantage of what we have to offer through The Think Tank.

Here are some things to think about before we sit down together.

- 1 Think about your charitable passions. What would you like to accomplish?
Who would you prefer to benefit?
- 2 Decide when to give – establish a fund today or plan a gift for tomorrow.
Which works best for your financial situation?
- 3 Decide what to give – we accept a variety of gifts including cash, retirement assets, equities and/or bonds, life insurance or any combination of the above.
However you wish to give, we can accommodate you.
- 4 Choose a type of Fund, one that best fits your charitable goals. Legacy Foundation can help you decide by explaining the differences among the following choices:
 - Community Fund
 - Donor Advised Fund
 - Field of Interest Fund
 - Scholarship Fund
 - Memorial Fund
- 5 Set up a fund by working with Legacy Foundation and your professional advisor. We can offer you many kinds of counseling to help you make your decision wisely and with confidence.
