HOW IT WORKS

- The Universal Application allows you to apply for multiple scholarships through one application.
- Based on your answers, the system automatically determines what scholarships you are eligible for.
- Once you submit the Universal Application, you will need to go back in and answer supplemental questions for the various scholarships you qualify for.

Don't forget this step! If you don't submit for each individual scholarship (opportunity), you won't be scored for them. More is covered on slide 30.

ESSAY(S)

- There is one mandatory question that everyone must answer.
 - What are your future career goals? Where do you see yourself in ten years?
- Students must also answer two additional questions. Each essay should be 350-500 words in length. The questions are:
 1. As a Community Foundation, we value the importance of community. Describe a community in which you live, and how it has influenced the person you have become. You may define what community you are referring to; it could be a geographic, religious, cultural, school community, etc.
 2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
 3. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. Please share this information with our selection committee.
 4. Please write a short autobiography including information about your family, hobbies, spare time activities and what inspires you. You may elaborate on work, community or school activities you didn't get to address in your application.
 5. Describe a time you worked hard towards a goal and what you learned from that experience? How did you grow? How will this help you in the future?
 6. Describe how you have demonstrated leadership inside or outside of school.

SCHOLARSHIP TIPS

- Brag about yourself!
- Take time to write down all of your activities, goals, and what sets you apart. This information can be used for college applications & all of the scholarships you will apply for.
- Capitalization & spelling counts.
- Answer all of the questions completely.
- Type the essay in Word first, then paste into the online application.
 - Make sure you address the question the essay is asking.
- Print your application out and read it aloud. This will help you hear errors that you don't always see.
 - Find a reviewer. They catch things you might miss.
- Give your references ample time to complete forms.
- Verify - Make sure you have uploaded the correct documents.
- Take your time.
- Do not wait until the last minute to complete or submit! Computers have glitches. Don't let a computer issue ruin your day- or your chances of getting an awesome scholarship!

Lake County's Community Foundation

ESSAY TIPS:

- **Read the instructions!**
 - Are there any limits on the essay? (i.e. words, spacing, pages, etc.)
 - Answer the question(s) asked.
- **Plan in advance:**
 - Develop a list of your school & community activities.
 - Write down the three accomplishments of which you are the most proud.
 - Write down your career goals, or your reason for wanting to attend college.
- **Write in a clear, “plain” style.**
 - Avoid “flowery” language. Throw out your Thesaurus. Readers are more impressed by the quality of your ideas than your use of multi-syllabic terms. Especially if they are used incorrectly!
- **Choose proper type, style, and format.**
 - A good essay is not about style and formatting, but style influences the first impression your paper makes.
- **Make it personal and passionate:**
 - **Help US get to know YOU.** Spend some time going below the surface and share something about who you are.
 - If you are writing about your desire to become a biologist, explain that your passion began when your father bought you a microscope when you were five years old.
 - Don’t just mention that you work with disadvantage kids; tell them how your love of art got you into working with those kids.
 - Focusing on specific examples of your life will help readers relate to your experiences and ensure that you are memorable.
 - **Use specific statements instead of generalizing.** Don’t just write, “Education is the key to success.” Instead, show how education has impacted your life.
- **Find an editor:**
 - Family members, teachers, or advisors all make great editors. Some editors catch grammar and spelling mistakes; others give advice on making the substance of your essay better. Find both types of editors. Be careful that they don’t alter your work so much that your voice is lost. **Editing is essential, but your work should always be your own.**
- **Read your essay aloud to yourself so you can hear how it flows.**
